Observation (abridged), names inventory

Target: Fiber-optic FPV (no radio at all), radar cross section 0.01 m2, size 0.25 m, no Remote ID broadcast, no radio emissions, flying 90 m above ground.
ROI polygon (x east, y north, km from the ROI center): (1.7, -3.9), (-2.3, -4.5), [...]
Quadrant weights: NE=1, NW=3, SW=1, SE=1
Budget: 8 cost units.
Inventory [...]:
- radar: medium radar (1 kW), cost 6, detection range against this drone at this altitude on open terrain 4.2 km, needs line of sight
- eo: uncooled thermal camera, 6 deg, cost 3, [...] 2.4 km, needs line of sight
- rid: Remote ID receiver, cost 1, [...] 0 km, does not need line of sight
- rf: RF detector, cost 2, [...] 0 km, does not need line of sight
- ac: very large microphone array, cost 3, [...] 4.6 km, does not need line of sight

Candidate sites: id | x km | y km | ground elevation m | height above ROI median m | horizon elevation angle (deg) toward N NE E SE S SW W NW within 3 km

Trained 7B, names inventory — QR = 0.44

The drone does not emit radio emissions, so passive RF receivers cannot detect it. Detection ranges against this drone: radar 4.2 km for cost 6, eo 2.4 km for cost 3, rid 0 km for cost 1, rf 0 km for cost 2, ac 4.6 km for cost 3. The NW quadrant has the highest weight.
site 2 (0.5, 2.2) km: eo, range 2.4 km, open view (mean horizon 4.5 deg), [...] cost so far 3 of 8.
site 12 (0.7, 0.2) km: eo, range 2.4 km, open view (mean horizon 3.1 deg), [...] cost so far 6 of 8.
[...]
<answer>{"placements": [{"site": 2, "type": "eo"}, {"site": 12, "type": "eo"}]}</answer>

Trained 7B, properties inventory — QR = 0.96

Types b, c have zero range against this drone and are useless here. Ranges and costs: a 2.4 km for cost 3, b 0 km for cost 2, c 0 km for cost 1, d 4.6 km for cost 3, e 4.2 km for cost 6. The NW quadrant has the highest weight.
site 2 (0.5, 2.2) km: d, range 4.6 km, no line of sight needed; cost so far 3 of 8.
site 12 (0.7, 0.2) km: d, range 4.6 km, no line of sight needed; cost so far 7 of 8.
<answer>{"placements": [{"site": 2, "type": "d"}, {"site": 12, "type": "d"}]}</answer>
